

KODAK PROFESSIONAL

Inkjet Photo Paper Glossy / 260g

Next-generation paper for accurate color reproduction

The latest printer and ink technology

KODAK PROFESSIONAL Inkjet Photo Paper, Glossy Finish has been updated to take advantage of the wider color gamut and improved ink technology of the latest generation of wide format inkjet printers from Canon imagePROGRAF PRO we use at DenaCopy.be.

Accurate reproduction

This next-generation paper has a larger color gamut and higher Dmax to ensure that color captured in-camera reproduces more accurately, while producing deeper, richer black, an expanded dynamic range and additional detail in shadow areas.

ArtSure Certification

ArtSure Certification ensures the highest standards for fine art prints giving art collectors and artists confidence and validity in limited edition print runs.

APPLICATIONS:

- Wedding, portrait, landscape and exhibition photography
- High-end retail and display graphics
- Corporate and home décor

FEATURES:

- Expanded color gamut and higher Dmax
- Designed to take advantage of the latest printer and ink technology
- Engineered to lay flat with little to no curl
- ArtSure Certification certifies testing for archival properties of lightfastness and permanence
- FSC®-certified paper
